Dear the Country/the White House leaders,
I am Henry V. Pham, and I have total of 9 inventions already submitted for patents. I also have a new political idea which I
would like to introduce to the White House leaders which I believe strongly help the country to be a great nation in the
world with the Neutral Circle Political Foundation model. I have came up with this model for almost 3 years, and I don't
want it to be lost and become unused. This political model with a neutral circle star-leaders not belong to any party and
can vote for any party. With our best political foundation already there with strong of the two parties, but without the
neutral nerve nation-intelligence there would be losing intelligent connections with the leaders to the White House. This
neutral circle will be the nation intelligence that can cover all the intelligences around the world from environment all the
way to high technology connecting strongly to the White House. With this model, I strongly believe the country will be the
great nation in this world. I am the owner of my soon-to-be-company, the Cloud OS Company, and here is the link to my
main website: www.TheCloudOSCenter.com (total 3 websites please see below). And this is the shortcut to the short
description of the Neutral Circle Political Foundation model: https://thecloudoscenter.com/i
mages/Neutral%20Circle%20Political%20Foundation%20Model.png. I hope that with the Neutral Circle Political
Foundation model, I can contribute something to this country with this political model with plus total of 9 inventions which
were submitted and still pending for patents.

Henry V Pham

Dear the Country/the White House leaders,
I have written an email to the White House on August 15 2023 to introduce my idea about the neutral political model which I thought could be a great model for the country to improve to "Make America Great Again". However, I have not received any reply yet, and I don't want to be in trouble with recent threats. I think this neutral model could be not compatible for current county conditions or for some other reasons... I want to recall this email for secured purposes.
NOTE: I added other countries in this email in both CC and CCB lists for witnesses for secured purposes.

Regards,
Henry Pham

Dear country leaders around the world and the news reporters,

My name is Henry V. Pham, and I am the sole inventor of the 12 inventions which were submitted to www.WIPO.int via
www.USPTO.gov including this Political Model which caused the dangerous problem.

I got followed by the Vietnamese military with White Americans at work and also at home as I already have sent alert email seeking help from CIA around the world.

Since I have submitted my 5 inventions in year 2021 and came with the Neutral Political Foundation Model. I got followed every day, and got threats from Vietnamese military with White Americans.

I overhead their voice talking underground of my house (805 S. Hilda St. Anaheim CA 92806), and they threat me and I also overhead their plan kill and take all;

I am writing this email with the purposes of seeking for help and investigate from other country leaders and CIA around the world. I have mentioned in this email chain which I sent to the **U.S. and Vietnam governments** to introduce my Neutral Circle Political Foundation Model which I intended to help improve the country after the declaration of Political Corruption in year 2020, and they kept silent and created dangerous and threat me. So, I plan to document and complete my invention about the Neutral Circle Political Foundation Model and patent this model and contact other countries to help hold this Political Model which may cause danger before or after I submit this model for patent to prevent Kill and Steal! I will need a couple more months to complete my inprogress invention, **OH Smart Airport**, before I can submit this Political Model for patent to prevent killing.

By the way, I am still working for Western Digital while waiting for my 12 Inventions for Patents & Awards, and to open The Cloud OS Company (**www.TheCloudOSCenter.com**)...

Sincerely,
Henry V Pham
